END USER GUIDE - <ENTITY REGISTRATION AND LOGIN>

1. INTRODUCTION OF THE SYSTEM

Unsolicited Commercial Communications (UCC) are communications, made via voice calls or SMS, to subscribers without their consent or willingness. Apart from being a source of inconvenience, such communications also impinge on the privacy of individuals.

TrueConnect portal is an application built to curb the unsolicited commercial communication (UCC) in accordance with the regulations proposed by TRAI.

As per TRAI Regulations:

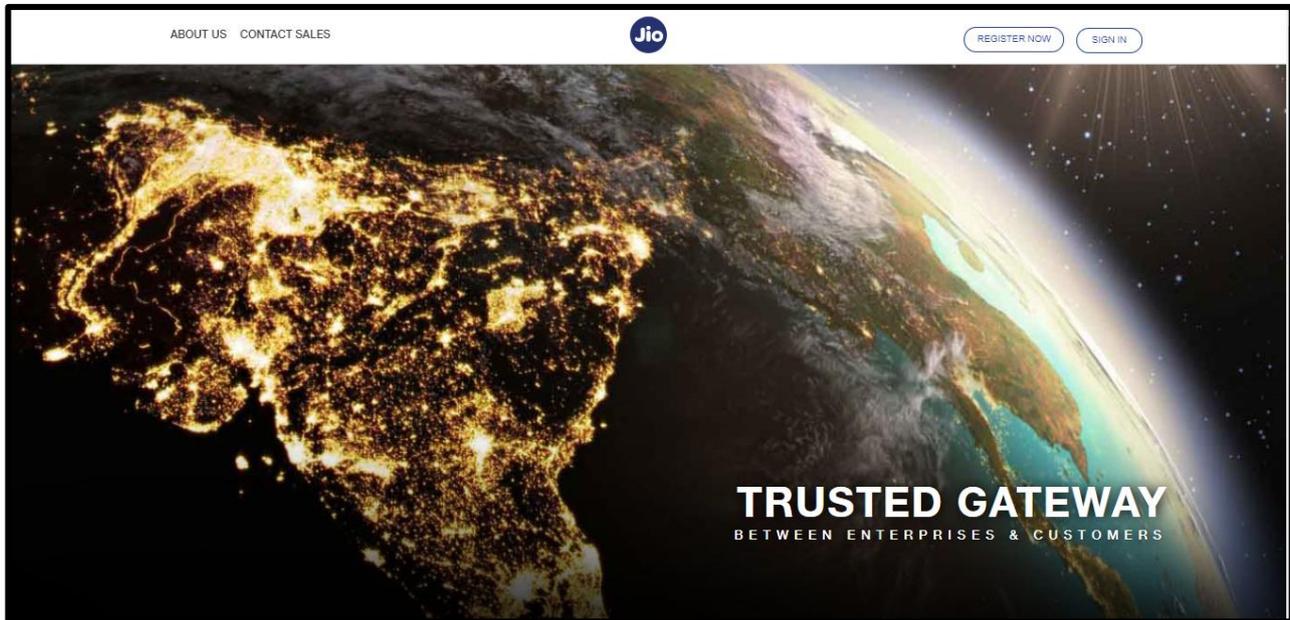

Every Access Provider shall ensure that any commercial communication using its network only takes place through a Registered Entity using Registered header(s) and template assigned to the sender(s) for commercial communication.

Registrations of Entity: Registration of entity will diminish the ability of unknown entities reaching their customers with calls and messages that are fraudulent or otherwise of dubious nature.

Registration of Headers: Using headers intelligently to segregate different types of messages, businesses shall be able to help their clients manage delete or store communication related to OTP's, balance enquires, flight alerts, special offers, etc

Message Template: Registered templates for both SMS and voice communication will prevent deliberate mixing of promotional messages into the transactional stream. This will give relief to the subscribers who feel targeted by unwanted communication today.

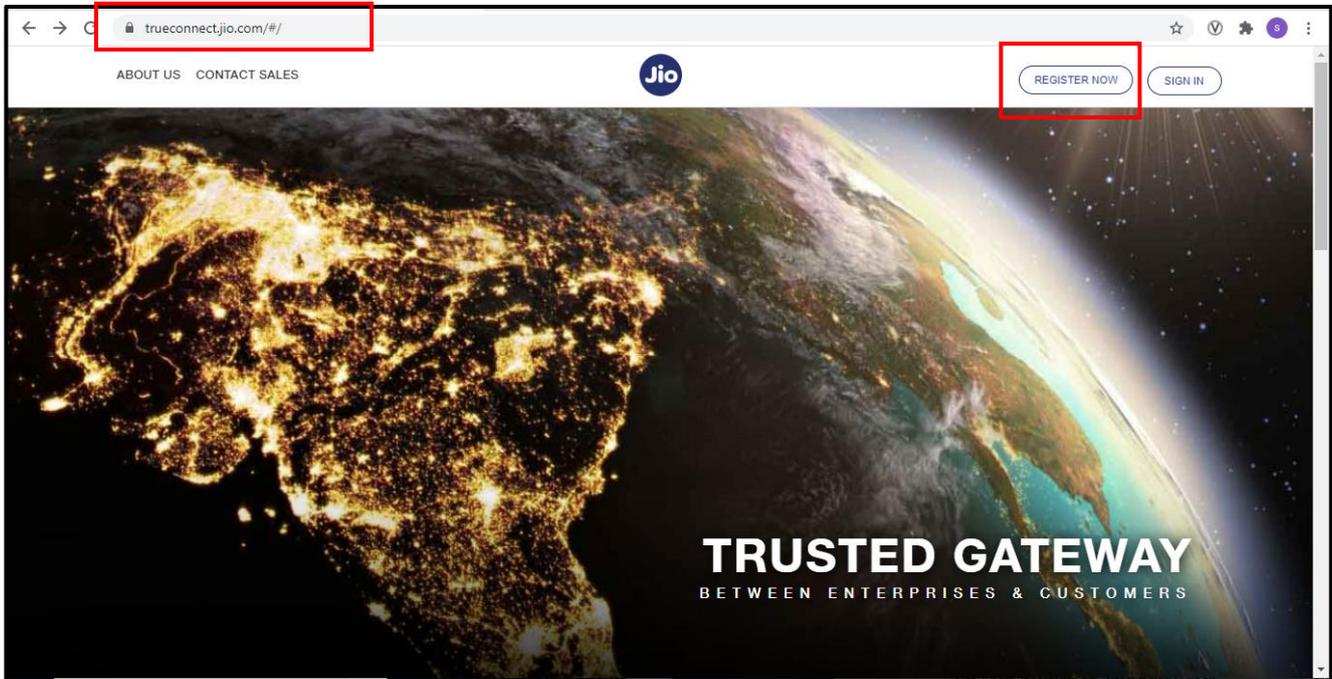

TrueConnect Entity Registration and Login (PE and TM)

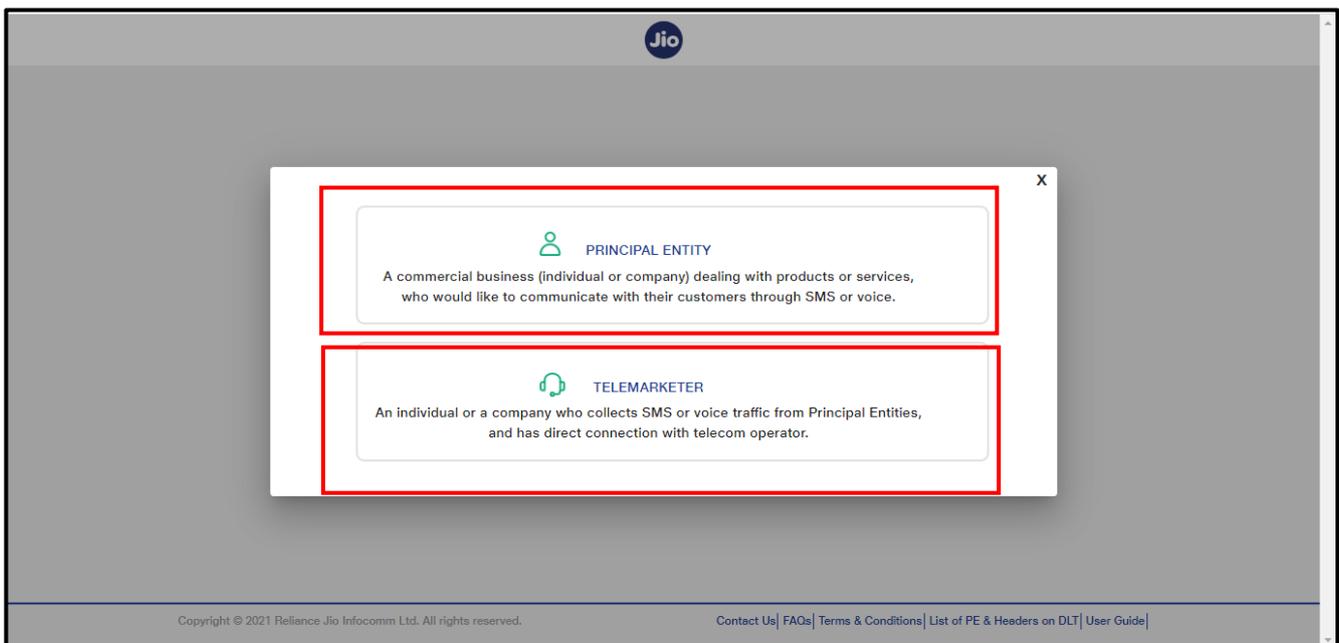

2. ENTITY REGISTRATION:

Step1: Go to the link <https://trueconnect.jio.com>

Step2: Click on Register Now tab

Step3: Select option as “Principal Entity” if you want to register as a Principal Entity or “Telemarketer” if you want to register as a Telemarketer.

2.1 PE REGISTRATION (NEW REGISTRATION)

Step 1: If you have not Registered as a principal Entity with any other telecom operator (Do not have an Entity ID) and registering for the first time with JIO then select option “NO” and click on “next”.

Are you already registered as a Principal Entity in any of the Mobile operator's DLT network?

Yes No

Step 2: Enter all the organization Overview details:

- 1) Organization Name: Name of the organization which is to be registered as principal entity on the portal
- 2) Organization category: Government/Non-Government
- 3) Organization type: If you have selected organization category as non-Government then select your organization type from the options provided in the dropdown. Organization type is not required if you are a Government entity.
- 4) PAN/TAN: The PAN/ details of your organization
- 5) Upload PAN/TAN: Upload your PAN/TAN document in the required format
- 6) **a) If you have a registered GSTN id for your organization:**
Enter the GSTN number, click on verify button to verify your GSTN number and upload your GST document. Once the document is uploaded successfully, click on “Next”.

Your GST number verification will fail if

- 1) The GST number is already used for the registration as PE/TM
- 2) If GST number and PAN number combination does not match
- 3) If your GST number is not active

Note: GST registration is mandatory to receive GST credits

Step3: Enter Your organization Address details:

A) GSTN Registered Flow:

Your primary address will be prefilled as per your GST details. If you want to select your Billing address as your primary address, select option “same as Primary address” and click on next.

The screenshot shows the Jio address registration interface. It is divided into two main sections: 'Primary Address' and 'Billing Address'.
- **Primary Address:** Includes fields for Building/House Address (252 Gold Hill Supreme), Locality (Electronic City Phase 2), Street (Shantipura Cross Roads), State (Maharashtra), and Pincode (400123).
- **Billing Address:** Includes the same address fields as the primary address. A radio button labeled 'Same as Primary Address' is selected and highlighted with a red box.
- **Navigation:** 'Back' and 'Next' buttons are at the bottom. The 'Next' button is highlighted with a red box.

If you don't want your billing address to be same as primary address, then click on "choose another address".

You will be able to edit your billing address only if the address is registered against you GST number

The screenshot shows the Jio address registration interface for selecting a different billing address.
- **City:** BANGALORE
- **Pincode:** 560038
- **Billing Address:** A radio button labeled 'Same as Primary Address' is unselected. A button labeled 'Choose another address' is highlighted with a red box.
- **Navigation:** 'Back' and 'Next' buttons are at the bottom.
- **Progress:** A progress indicator at the bottom shows '3 Personal Details' and '4 Final check'.

Enter the PIN code of the address to be selected and click on "Search"

The screenshot shows the 'Billing Address' section of a Jio service setup form. The form includes fields for 'Building/House Address', 'Street', 'Locality', and 'City'. A 'Pincode' field is also present, with the value '560038' entered. A modal window titled 'Enter Your Address Pincode' is open, showing the input '562106' and a 'Search' button. The background form has red error messages: 'Building Name is required', 'Locality is required', and 'Pincode is required'. The 'Back' and 'Next' buttons are visible at the bottom of the form. The page footer contains copyright information and links to 'Contact Us', 'FAQs', 'Terms & Conditions', 'List of PE & Headers on DLT', and 'User Guide'.

Select the address and click on submit

This screenshot shows the same 'Billing Address' form, but the search modal is now displaying two address suggestions for the pincode '562106'. The suggestions are: 'No 146/154-A,Bommasandra Industrial area,Bommasandra Village Panchayat Anekal Taluk,BANGALORE,Karnataka,562106' and 'Servey No 8,Thirupalya,Jigani Hobli Anekal Taluk,BANGALORE,Karnataka,562106'. The second suggestion is selected with a blue checkmark. The 'Submit' button in the modal is highlighted with a red box. The background form remains the same as in the previous screenshot.
